

# Key Stage 3 materials: A complete programme of work for music technology with Years 7 - 9

I'm pleased to make the following 9 units of work for Key Stage 3 music available to readers of my blog. These were written a couple of years ago for Roland UK and I've been asked by many teachers for copies – so here they are! You might want to read [the following detailed descriptions](#) prior to downloading the units. If you enjoy using them, please leave a comment here so that others can be encouraged.

**Unit 1: An Introduction to Vocal Recording, Sampling, Looping and Effects**: 'Students will explore and learn the skills required to create music using new sampling, effects and looping technology'. 8.3MB

**Unit 2: Vocalise**: 'Students will learn how to use their voices as musical instruments in conjunction with a range of performance and sound processing technologies'. 0.25MB

**Unit 3: An Introduction to Film Music**: 'Students will apply the key principles learnt in Unit 1 to the production of a soundtrack for a piece of film'. 63.1MB

**Unit 4: Music and Image**: 'The main focus of the Unit is to explore the various ways in which music can be linked to the visual domain in a live performance setting'. 14.3MB

**Unit 5: Music for Computer Games**: 'Students will explore the processes behind composing music for computer games'. 122.1MB

**Unit 6: Creating a TV Programme**: 'Students will explore how music reinforces the visual content of a television program'.

6MB

**Unit 7: New Performance Environments**: 'Students will consolidate and develop their knowledge and skills from previous units (in particular Unit 1 & Unit 4)'. 0.6MB

**Unit 8: Dance Music and the Club Experience**: 'This unit is an introduction to traditional Trance music parameters and their links to visual material that enhance an audience's experience'. 252.3MB

**Unit 9: Music and the Web-based Radio Station**: 'Students will create and manage a web-based radio station, developing a knowledge and understanding of audio imaging and identity'. 26.3MB
