

Interests

I have a range of interests. These include:

- Cross-curricular approaches to teaching and learning
- Supporting gifted and talented students
- Creativity
- Broadening approaches to assessment
- The uses of new and old technologies in education
- Initial teacher education
- Working with postgraduate students on various PhD, EdD courses and topics
- Music and arts education research
- Chasing around after my five children, one parrot, two cats, one dog and other assorted objects!
